#### Lighting Grid:

The Evjue features a fixed, Unistrut-type lighting grid that requires "Track Tamer" nuts for hanging fixtures. The Bartell has approx. 50 Tamer nuts available.

#### Bartell Color Codes:

- White = 19°
- Red = 26°
- Orange = 36°
- Yellow = 50°

Drury Fixtures = Blue  
Evjue Fixtures = Green

#### Accessory Notes:

##### Gel Frames:

- The Bartell has a large stock of gel frames for all fixtures. Most are 6.25" or 7.5" sizes.

##### Gobos:

- The Bartell has a stock of gobo holders for Source4s and Axials for both size A and B gobo patterns.

##### Tops Hats:

- The Bartell has a small stock of top hats and half hats for SourceFour and PAR fixtures.

##### Mounts:

- The Bartell has a small number of floor mounts for fixtures meant to reside on the ground.

##### Connectors:

- The Bartell is a stage pin house and all fixtures feature 20A stage pin connectors. LED fixtures have power-con to stage pin adapters as well as power-con jumpers.
